

Student-Led Society

Promoting Sustainability

Engagement

The Gesture "baderah" Environmental Club at the University of Tabuk focuses on developing student skills and engaging them in university activities related to environmental sustainability. The club organizes a variety of events and activities, including cultural programs, social outings, and professional workshops, all aimed at fostering a strong student community and encouraging sustainable practices. The club's mission is to discover and nurture student talents while contributing to their personal and professional growth in areas related to environmental awareness and sustainability.
