

University of Tabuk

Admission Guide

Academic Year 1443 H

General Admission Criteria for the Academic Year 1443 H

1. The applicant must be a Saudi or of a Saudi mother.
2. The applicant must have a high school certificate or equivalent from inside or outside the Kingdom.
3. If a high school certificate is issued from outside the Kingdom of Saudi Arabia, it should be equalized by the Ministry of Education's Certificate Equivalency Committee.
4. The system of study in the high-school stage should be a full-time study system.
5. The high school certificate should not have passed more than five years. That is, the certificate was issued in the academic year 1437 AH - 1438 AH and onwards, taking into account the special conditions of health specialization.
6. The applicant's age should not be more than 25 years, i.e. born in 1996 AD and later.
7. The Standard Achievement Admission Test (SAAT) score should not be less than 50% (the available score will be approved during application).
8. The General Aptitude Test (GAT) score shall not be less than 50% (the available score will be approved during application).
9. The validity of the SAAT and GAT is as determined by the Education and Training Evaluation Commission.
10. The applicant should not have a previous academic record at the University of Tabuk during the last four academic years. If it becomes apparent after the final acceptance that he/she has an academic record, his/her acceptance will be cancelled.
11. The applicant should not be dismissed from the university or any other university in an academic or disciplinary field. If it becomes apparent after the final acceptance that he/she has been dismissed, his/her acceptance will be cancelled.

12. The applicant is not to be accepted or registered to the same degree or another degree in the university or any other university. If it becomes apparent after the final acceptance that he/she has a record, his/her acceptance will be cancelled.

13. The data provided by the applicant must be validated, and in the event of a deficiency or error in the data entered, the acceptance will be cancelled.

14. The applicant is responsible for following up on the admission procedures through the university's website and social media.

Admission Criteria and the Mechanism for Calculating the Weighted and Equivalent Percentages of the Academic Year 1443 H.

The Weighted Percentage of the Scientific Majors			
Male Students	High School	General Aptitude Test	Standard Achievement
	30%	GAT	Admission Test
		30%	SAAT
			40%
Equivalent Percentages for Arts Majors			
High School		General Aptitude Test	
40%		60%	

The Weighted Percentage of Scientific and Arts Majors			
Female Students	High School	General Aptitude Test	Standard Achievement Admission Test SAAT
	30%	30%	40%

The weighted and equivalent percentage can be calculated through the Deanship of Admission and Registration' website.

Steps to apply for university admission for the academic year 1443 H

1. Access the University of Tabuk's portal to submit an application for admission to the university through the following link
<https://myut.ut.edu.sa/ut/init>
2. The applicant must use a computer while submitting the application and avoid using smartphones such as (Mobile) or tablet devices, and should use (Chrome) or (Firefox).
3. All required data must be entered accurately and correctly.
4. All available wishes must be entered and arranged in order of priority. The applicant bears the responsibility for entering and arranging the wishes.
5. The available specializations which appear to the applicant are the ones that fulfill the general and specific conditions.
6. Nominations will be made between the applicants who compete in terms of the admission criteria (the weighted percentage) and the (equivalent percentage) according to the order of wishes and seats available.

7. The applicant must check the online portal to see the initial acceptance and the final acceptance.
8. The applicant must enter the admission portal and choose the acceptance confirmation icon to confirm his/her wish. If the applicant does not confirm his/her request or refuse to confirm his/her acceptance, then his/her nomination is considered cancelled, and he/she loses their rights of admission.
9. The Deanship of Admission and Registration accepts students' objections to the results electronically within one week from the date of announcing them. Any objection form after this period will not be considered.

Bachelor's degree: It is a university degree granted after studying a specialization for no less than four years or after studying a number of courses and hours according to the study plan and completing the graduation requirements.

First: Undergraduate programs (Full-time) – Main Campus - Tabuk City

Faculty of Medicine						
Specialization	Male students	Female students	Type of high school certificate	Special conditions	Admission Criteria	Program duration
Medicine& Surgery	Yes	Yes	Scientific	Academic year graduates 1440-1441	The weighted percentage	6 academic years + 1-year internship

				or 1441- 1442		
Faculty of Pharmacy						
Specialization	Male Students	Female Students	Type of high school certificate	Special conditions	Admission Criteria	Program duration
Pharmacy	Yes	Yes	Scientific	1440-1441 or 1441 - 1442	The weighted percentage	5 academic years + 1- year internship

Faculty of Applied Medical Science						
Specialization	Male Students	Female Students	Type of high school certificate	Special conditions	Admission Criteria	Program duration
Medical Laboratory Technology	Yes	Yes	Scientific	Academic year graduates	The weighted percentage	4 academic years + 1-year internship
Nursing	Yes	Yes		1440-1441		
Natural Therapy	Yes	Yes		or 1441-1442		

Faculty of Engineering					
Students' acceptance into the faculty is general in the first year, and they are allocated to the following majors in the second year: Civil Engineering - Electrical Engineering – Mechanical Engineering - Industrial Engineering (Based on the faculty's special conditions)					
Specialization	Male students	Female students	Type of high school certificate	Admission Criteria	Program duration
Engineering	Yes	No	Scientific	Weighted percentage	5 academic years

Faculty of Computing and Information Technology					
Specialization	Male students	Female students	Type of high school certificate	Admission Criteria	Program duration
Computer Science	Yes	Yes	Scientific	Weighted percentage	4 academic years
Information	Yes	Yes			4 academic

Technology					years
Computer Engineering	Yes	No			5 academic years

Faculty of Science					
Specialization	Male students	Female Students	Type of high school certificate	Admission Criteria	Program duration
Biology	Yes	Yes	Scientific	Weighted percentage	4 academic years
Mathematics	Yes	Yes			4 academic years
Physics	Yes	Yes			4 academic years
Chemistry	Yes	Yes			4 academic years
Biochemistry	Yes	Yes			4 academic

					years
Statistics	Yes	Yes			4 academic years

Faculty of Business Administration					
Specialization	Male students	Female students	Type of high school certificate	Admission Criteria	Program duration
Accounting	Yes	Yes	Scientific	Weighted percentage	4 academic years
Finance and Investment	Yes	Yes			4 academic years
Administrative Data System	Yes	Yes			4 academic years
Marketing	Yes	Yes	Scientific- Arts- Administrative/	Male students (equivalent percentage)/	4 academic years
Business	Yes	Yes	Memorizing the		4 academic

Administration (Management track)			Quran- Scientific Institute	Female students (weighted percentage)	years
---	--	--	-----------------------------------	--	-------

College of Education and Arts					
Specialization	Male students	Female students	Type of high school certificate	Admission Criteria	Program duration
